" With this new partnership in Qatar our Smart Glass & Smart Film technology can reach horizons we never deemed possible "

Clear2Frost - London & Maghdeem Co - Qatar form a new Global Partnership on a massive scale.

CLEAR2FROST.COM

Clear2Frost - Smart Glass & Smart Film technology brand in London have formed a partnership with Maghdeem Contracting & Trading in Qatar.

This exciting new partnership opens up very big doors in relation to trade for our Electric Privacy smart glass & smart film technology.

Clear2Frost are one of the worlds largest manufacturers of I-GLASS and I-FILM. This glass and film technology can change from clear to frosted instantly by using a very low power supply similar to that of a light bulb.

A simple soft press of our I-REMOTE or wireless wall switch can change the glass from clear to frosted before your very eyes. Used now in over 100 countries on commercial and residential applications the technology is very high in demand.

Our I-GLASS is to replace existing glass or for new builds and our I-FILM can be applied on top of your existing glass.

The products series now offers:

I-GLASS DOUBLE GLAZED (http://www.clear2frost.com/iglass-double-glazed-1)
I-GLASS LAMINATED (http://www.clear2frost.com/iglass-laminated-1)
I-GLASS TOUGHENED (http://www.clear2frost.com/iglass-toughened-1)
I-GLASS CURVED (http://www.clear2frost.com/icurved/)
I-GLASS COLOUR (http://www.clear2frost.com/iglass-colour-1)
I-GLASS BI-FOLD DOORS (http://www.clear2frost.com/ibifolding)
I-GLASS FIRE RATED (http://www.clear2frost.com/ifire-rated/)
I-FILM (http://www.clear2frost.com/ifilm-1/#when-curtains-blinds-wont-work)

I-REMOTE (http://www.clear2frost.com/the-iremote-1)

The technology protects users from 99.6% of harmful UV rays in the clear and frosted mode and also helps stop approx 50% of solar glare when switched to frosted.

The smart glass and film reverts to frosted in the event of a power failure for safety.
