It's the 1st December, so we can now officially start talking about Christmas! Hooray! The team behind 'Big Screen on the Green', have got together to launch their inaugural winter event, Winter on the Green in London, from Friday 16th till Sunday 18th December.

Set up on Parsons Green, South West London, Winter on the Green has ensured that every one of your 5 senses is taken care of. Have a skate on our pop-up ice-rink, or snuggle under a blanket to watch one of our festive films, with a Baileys Hot Chocolate. You can take a stroll along one of our many market stalls, with some fantastic brands on offer and gourmet food to fill your tums.

The main stage will host some of the very best local talent, with live musicians, and Djs on each night. Our bar hosts will be Moët & Chandon, Leffe, Red Bull, Jägermeister and Sipsmiths, who will be providing the mulled wine, beers and winter-warmer inspired cocktails from London's best mixologists.

Winter on the Green is taking place on Parsons Green, South West London, from Friday December 16th until Sunday December 18th December, from 5.30 – 10.30pm.

Winter on The Green will also be raising funds for Cancer Research UK, Fulham Good Neighbours and Help For Heroes.
