Planning on having family and friends to stay this Christmas? Providing enough sleeping places can sometimes prove tricky, but with Duvalay's luxury sleeping bag, it instantly transforms any surface into a comfier, more luxurious place to sleep.

A one-of-a-kind product, the Duvalay sleeping bag has the distinctive characteristic of being a sleeping bag without a zip, and also features an in-built luxury memory foam base. The top pocket containing the duvet simply folds over you, so instead of feeling trapped, restricted and claustrophobic, you can kick out your legs and fully extend your arms.

Comfortable enough to be used on the floor, sofa or blow up mattress, the Duvalay sleeping bag offers plenty of scope for extra sleeping arrangements and is easily rolled up and stored when not in use.

New for 2020 is the Freshtec memory foam base. Designed to offer a range of sleep-inducing features, including next generation pressure relief and also actively fights heat retention.

Younger children are also catered for with the Dinky Duvalay. Suitable for 2-8-year olds, it features the highest-quality memory foam bottom for added comfort along with a luxury duvet and pillow with cover. The Dinky Duvalay is available in a fun fabric and both the bottom and top cover can easily be stripped and are machine washable, and with an optional matching carry case, it can be easily transported when visiting family members.

Available in a range of eleven colours, the Duvalay sleeping bag can be purchased as either a summer (4.5 tog) or winter (10.5 tog) duvet, in either 4cm or 5cm thickness of foam.

Also available in three options (depending on foam choice); Compact, Comfort and Freshtec.

Prices start from:

£99.95 for the Duvalay Sleeping Bag

£85.95 for the Dinky Duvalay
