From facials to pedicures, get all the treatments you enjoy without having to leave the comfort of your home.

Greater Manchester, England, 4th September 2020: Whether you're a busy parent, a full-time worker, or someone who just doesn't have free time to spare, getting to a spa or salon can be difficult. So why not treat yourself to a little bit of much needed TLC from the comfort of your own home. An at-home spa day is a perfect way to give your body and mind a chance to relax, unwind, and indulge in a little well-deserved luxury.

Health and well-being specialist, Beurer, has put together some suggestions to help create a luxury spa/salon at home:

1. Ionic Facial Sauna: The Beurer FC 72

(https://www.beurer.com/web/gb/products/beauty/facecare/facial-brushes_facial-sauna_microdermabrasion/fc-72-pureo-ionic-ionic-facial-sauna) provides the perfect foundation for your facial beauty regime. The ionic steam treatment stimulates the blood circulation and opens the pores, allowing impurities to be removed more easily. Ions help water molecules to penetrate deeper into the skin. As a result, the opening of your pores enables your beauty treatment products to penetrate deep into the skin to optimise their effectiveness. This prepares your skin for further treatments such as deep cleansing, face masks and moisturising.

The Beurer FC 72 is available from Amazon
