The TechWorks 2021 Awards – Open for Entries

The highest accolade in the UK Deep Tech Industry - Celebrating the Industry's best of the best.

The TechWorks Awards provide a fantastic showcase for excellence in the fast-paced tech industry - celebrating achievements & behaviours conducive to a healthy and vibrant industry.

The awards are open to all organisations active within the tech industry, with award categories to fit organisations and individuals across the sector. They are FREE to enter, with a simple online process.

This year, the awards are split into four main categories with awards to suit individuals, companies and organisation across the entire tech industry. The awards are completely inclusive and attract an impressive number of entries.

The 2021 Categories feature a strong range of awards – from Automotive, Manufacturing and IoT to Research Excellence. To find out more and to apply for the awards - please visit the dedicated Awards website
