MONAT® Skincare combines high-grade botanicals and natural oils with the latest scientific technologies and clinically proven proprietary patents, providing a complete solution for radiantly beautiful skin that inspires confidence at any age. MONAT® Skincare is thrilled to introduce two new products to its 100% vegan skincare line including the new MONAT® Hydration Booster, an ultra-hydrating serum that provides instant hydration and long-lasting results and MONAT® Hydrate + Refresh, a delicate facial mist with powerful anti-pollution protection.

NEW

MONAT® Hydration Booster™

VIP Price £58

Retail Price £68

An ultra-hydrating serum that leaves skin feeling plump and replenished. Combines concentrated pure hyaluronic and polyglutamic acids, vitamin, marine algae, and fruit extracts for optimal hydration. Suitable for sensitive skin.

BENEFITS:

- Hydrates thirsty skin
- Leaves skin feeling supple and soft
- Leaves skin looking and feeling smoother and plumper
- Promotes a more youthful appearance
- Can be used alone or as an added hydration booster to your moisturiser
- Suitable for all skin types, especially dehydrated, thirsty complexions
- Moisturises the skin for up to eight hours
- Protects the skin from environmental aggressors

WHAT POWERS IT:

Coconut Water: Helps hydrate the skin

Polyglutamic Acid: A super moisturizer derived from fermentation, also known to inhibit the destruction of hyaluronic acid in your skin

Hyaluronic Acid: Natural humectant known as moisture magnet

Vegan Collagen: Known to plump, smooth, and boost elasticity

Marine Algae: A protective anti-pollutant

Vitamin B5: Essential nutrient to help plump

Watermelon Extract: Boosts hydration and antioxidant properties

NEW
