---

Here at KIS Finance we love Halloween! This is our Managing Director's favourite time of year so we couldn't resist doing something fun for the spooky season.

We have created a fun quiz for people to test out their Halloween knowledge.

Each time you play, the quiz will give you 10 different questions from a bank of 40. The questions are a bit tougher than most other quizzes, so this is definitely for hardcore Halloween fans. Best enjoyed full screen with the volume up!

The quiz has proved very popular on social media so far so we wanted to share it far and wide. Please feel free to use it and we hope your readers enjoy it.

Happy Halloween!
