## 'UNDERSTANDING THE MENOPAUSE' WEBINARS

Learn more about the menopause

There are many myths and misconceptions surrounding the menopause, so it's essential to know the facts – and a great way to do this is to attend a webinar by a leading expert and public speaker. In addition to presenting talks, workshops and webinars to workplaces Norma Goldman, founder and director of The Menopause Exchange, is hosting her own regular webinars for women interested in the menopause, called 'Understanding the Menopause'.

Norma Goldman BPharm.(Hons) MRPharmS. MSc. (health promotion) has a pharmacy degree and worked as a pharmacist for several years and is a qualified health promotion specialist. She has been presenting talks and workshops on the menopause for over 23 years, when she founded The Menopause Exchange, and her in-depth knowledge has helped thousands of women enjoy a more comfortable menopause.

Norma's 'Understanding the menopause' webinar is suitable for women at or approaching the menopause, women who have had a premature menopause (before age 40) or a hysterectomy, or anyone with an interest in women's midlife health. Post-menopausal women attend presentations too. Every webinar provides impartial, reliable, up-to-date and practical information on all aspects of the menopause, to help women make informed decisions about coping at this time of life. If women join the webinar, they'll be able to ask questions, receive a factsheet and hear about other women's experiences. The webinars are not designed for healthcare professionals and those in the healthcare industry. The webinars are accessed through Zoom.

Topics covered include:

- General information on the menopause
- Menopausal symptoms
- Self-help lifestyle tips and health promotion advice
- HRT
- Prescribed medicine alternatives to HRT
- Complementary therapies and medicines
- Nutrition
- The menopause at work

Examples of positive feedback from attendees of the 'Understanding the Menopause' webinars include:

"Norma gave insight into what to expect during the perimenopause and menopause."

"Many thanks for a superb webinar."

"Attendees were able to share their experiences and it made it all a little more real and even more useful."

"I learnt about symptoms that I hadn't attributed to the menopause."

"I appreciate hearing the important points from someone who knows what they are talking about and being able to ask questions."

"I now understand how HRT works'.

"I found it particularly helpful in considering options apart from HRT."

"The webinar boosted my confidence through information before discussing the menopause again with my GP."

"Thanks for the factsheet. Very helpful and it has given me reassurance'.

The Menopause Exchange is unbiased and independent and isn't sponsored by any companies or organisations. Our free quarterly newsletter contains articles written by top UK medical experts, including menopause consultants, GPs, consultants, specialist menopause nurses, complementary practitioners, pharmacists and dietitians. We also include news, book reviews and our 'Ask the experts' page. Each issue of The Menopause Exchange's free quarterly newsletter is emailed to over 13,000 people, including women, men, healthcare professionals, workplace managers and journalists.

If women wish to attend a webinar, to arrange one for a group of friends or find out more information, they should e-mail [norma@menopause-exchange.co.uk](mailto:norma@menopause-exchange.co.uk) or call 020 8420 7245.
