Best in Enterprise Tech Startups revealed

London, UK – December 2nd, 2024 – The Tech Trailblazers Awards, the first independent global technology awards program dedicated to the B2B technology startup ecosystem, is delighted to announce its 2024 winners and runners-up.

Now in its 13th year, the Tech Trailblazers Awards continue to shine a spotlight on the most innovative and impactful startups globally. This year's entries across 16 categories showcased cutting-edge advancements in technology, including AI, security, sustainable tech, and beyond.

The cybersecurity enterprise tech startup sector has been a standout area of growth and innovation, as reflected in the 2024 Tech Trailblazers Awards. This year's Security Trailblazers winner, Risk Ledger, along with runners-up DeNexus, Entro Security, and LightBeam, demonstrate the increasing importance of securing our connected world. With cyber threats evolving rapidly, startups in this sector are not only addressing critical challenges but also paving the way for new standards in digital trust and safety, making cybersecurity a vital focus in today's technology landscape.

Rose Ross, Chief Trailblazer and Founder of the Tech Trailblazers Awards, commented:

"Each year, we are inspired by the ingenuity and resilience of startups driving innovation in the global tech ecosystem. From groundbreaking advancements in cybersecurity to transformative solutions in AI, IoT, and beyond, the 2024 winners and runners-up exemplify the spirit of trailblazing. We are proud to be a part of this journey, providing these remarkable startups with a platform for recognition and growth."
