

Zone in on Networking Industry Issues at networks telecom europe

Submitted by: CMP Information Ltd

Tuesday, 28 May 2002

London, May 28, 2002. The latest networking industry issues regarding Security, Storage Networking, Convergence, Optical Networking and Wireless Technology will be debated at networks telecom europe 2002 (nte 2002).

Security Zone(tm) endorsed by Computer Security Institute and sponsored by Secure Computing:

- Computer Associates will be conducting 15 minute test-drives of their eTrust products.
- Vendors will be demonstrating the latest products that tackle the overwhelming influx of new and dangerous viruses and help prevent cybercrime. Vendors include Tekdata, Global Secure Systems, SurfControl, Keyware Technologies and Stonesoft Corp.
- Presentations from organisations including Websense, PCS, and Aprisma.

Storage Networking Zone iV supported by the Fibre Channel Industry Association (FCIA) Europe and sponsored by Fibre Channel Focus and Storage Networking Europe Magazines:

- Computer Associates will be conducting test-drives of their BrightStor product range at the zone, every half-hour.
- Vendors include Maxtor, Bakbone, HPS, Emulex, Veritas, Brocade, HPS, SpectraLogic, 3M, Advantech and Infinity I/O.
- Free Advice from board members from FCIA Europe will be on hand at the Advice Centre.

The Wireless Technology Zone iV endorsed by the Mobile Data Association (MDA):

- The MDA in conjunction with Casio and DAT will be providing visitors with a chance to take part in a real time survey.

- Presentations from organisations including Extended Systems Ltd. and Centurion Wireless Technologies.
- Products demonstrations from vendors including Dialogue Communications.

Convergence Zone iV supported by the Telecommunications Industry Association (TIA) and sponsored by Public Network Europe Magazine:

- The vendors within the zone will exhibit the latest technologies that play a significant role in the service landscape of convergence.
- Live demonstrations of products and services from vendors including NetCentrex, IP Net and Topcall.

Optical Networking Zone:

- Presentations from vendors including Lightpointe and Extreme Networks.
- Live demonstrations from companies including Colt Telecommunications, Cisco Systems, Microtel, Transmode Systems AB and Optical Cable Corporation.

"The industry is evolving at a phenomenal pace and nte 2002 will address the changing networking landscape through the dedicated zones and presentations in the designated theatres" commented Jane Murphy, Portfolio Director for nte 2002. nte 2002 will have leading industry organisations on hand to offer visitors the opportunity to trial their latest products and services and gain valuable information from key industry associations.

In addition to the zones there will be the Channel Network Convention hosted by Channel Network Events Ltd. The Convention will act as a meeting forum where pre-matched vendors and resellers can arrange to meet and discuss value propositions and partnership programmes.
