

ReTell now offer remote demonstrations of their best selling Advance call recording software.

Submitted by: Retell

Tuesday, 4 November 2003

Retell are now offering remote demonstrations of their best selling Advance call recording software. A simple link via www.retellrecorders.co.uk enables customers to see and listen to the benefits of call recording. Retell also offer remote diagnostics and set up, this further enhances the first class customer service experience that they pride themselves on.
