Cedilla Systems takes REgenerist on the road

Submitted by: Clarity Public Relations

Friday, 20 February 2004

Cedilla Systems, one of the top three Microsoft Business Solutions-Navision resellers in the UK, has announced a series of roadshow events across the UK to publicise its REgenerist solution.

REgenerist is a best-of-breed software solution covering collection, treatment, recycling, recovery and disposal of a wide variety of waste types. The REgenerist roadshow events offers an overview of the solution, and provides companies in the wastes management and recycling sector with a chance to see the software first-hand.

The REgenerist customer base is rapidly expanding throughout Europe, and it is widely regarded as the most technologically advanced packaged software solution for the industry. ERP (Enterprise Resource Planning) solutions are not unknown in the industry, but few can match REgenerist in terms of functionality available for the price, speed of implementation and flexibility.

Mike Dickson, Cedilla Systems' managing director said: "REgenerist can offer Tier One functionality at a Tier Two cost. Unlike some of the smaller packages available on the market REgenerist is built on the most advanced technology, and also incorporates accounts, payroll, human resources and many other areas not offered by the vendors of bespoke solutions in this market."

The REgenerist roadshows will take place as follows:

• Thursday 25th March – Reading (Microsoft Campus, Thames Valley Park)

• Monday 29th March – Edinburgh (Festival Theatre)

• Thursday 1st April – Manchester (The Lowry, Salford Quays)

For more information on the events, contact Cedilla Systems on 0161 8323663 or visit www.cedilla.co.uk/regenerist04

To book your place, call 0870 166 6671, or visit www.microsoft.com/uk/events to book your place online.

Notes To Editors
