

Zone Labs appoints Object Marketing to handle UK PR activity

Submitted by: Object Marketing

Thursday, 22 April 2004

LONDON April 22nd 2004 - Zone Labs® (www.zonelabs.com), a leading creator of endpoint security solutions and one of the most trusted brands in Internet security, has appointed Object Marketing to handle its UK public relations activity.

Zone Labs® solutions protect millions of PCs and the valuable, personally-identifiable information on those PCs, from hackers, spyware and data theft. The company's award-winning endpoint security product line is deployed in global enterprises, small businesses and consumers' homes, protecting them from Internet-borne threats. Zone Labs Integrity™ is an endpoint security management platform that protects corporate data and productivity. ZoneAlarm® Pro, ZoneAlarm Plus and ZoneAlarm are among the most popular and successful Internet security products available today while IMsecure® Pro offers comprehensive security for instant messaging.
