Your Invitation to attend Digital Dales Business Broadband Seminar
on Monday July 12th 2004, 10am – 5pm
at the White Hart Hotel conference centre, Harrogate

Who is the seminar for?

For SMEs, larger companies, local authorities, RDAs, rural and urban community champions and it will cover the following areas:-

Getting started with broadband
Business Applications
Interactive content
Rural business communities

What will it do for me or my business?

This event is designed to show what can be done with broadband once you have it, and how to get it if you haven't got it yet. The content and applications, which will push broadband growth towards the critical mass, required for ever larger 'pipes' are now here.

Our speakers will show you examples of

Voice over broadband,
Video conferencing,
Business applications,
And much more.

The keynote speaker is Brian Condon of the Access to Broadband Campaign who will lead you towards the 2010 Vision and beyond.

You will not believe where broadband is going and how much more there is still to discover. However, by attending this seminar you will have a much clearer idea of what is possible and how to get the benefits appropriate to your needs!
