Fast Lane Offer intensive, hands on CCNA Boot Camps

From December through to March For Just £1695!

Fast Lane Consulting and Education Services is offering Cisco Certified Network Associate (CCNA) Hands-On Lab training, including official Cisco student guides and in course mock exams, for a special price of £1,695, representing a massive discount of 35%. The offer runs from December through to March 2005 and unlike other CCNA boot camps, Fast Lane's course requires no pre-reading. For those engineers planning to continue their development still further, Fast Lane is also offering 20% off Cisco Certified Network Professional (CCNP) or Cisco Certified Design Professional (CCDP) courses. For the unlucky few who need to re-sit exams – these are free when taken within 3 months.

CCNA certified professionals can install, configure, and operate LAN, WAN, and dial access services for small networks (100 nodes or fewer), including industry protocols such as IP, IGRP and Serial. CCNA certifications are valid for three years.

To register for Fast Lane's CCNA boot camps and to enter the free prize draw in celebration of the UK launch– with a chance to win a Blata Minimoto with a two stroke, air-cooled 39.9cc, one litre engine – please visit: <http://www.flane.co.uk>.

About Fast Lane

Fast Lane Consulting and Education Services is based in the Thames Valley and specialises in internetworking projects and the development of relevant professional internetworking qualifications. Fast Lane has been a Cisco Learning Solutions Partner for 8 years.

The training offering comprises Fast Lane courses and the complete range of Cisco Network Support, Network Design, and Communications & Services courses plus the latest Cisco Qualified Specialist courses in Storage, Security, IP Telephony, Network Management and Wireless LAN.

Fast Lane was established in 1996 and is the fastest growing Cisco training company in EMEA, having grown to a 13-country strong organisation with a 100 plus strong training team across Europe alone. Fast Lane's pool of instructors and consultants possess in-depth expertise of complex internetworking environments. These experts receive the latest training and technology updates directly from Cisco on a regular basis.

Worldwide, Fast Lane is represented in UK, France, Germany, Switzerland, Austria, Sweden, United Arab Emirates, Saudi Arabia, Bahrain, Jordan, Qatar, Kuwait, and Egypt.
