Monarch Scheduled's low fares just got lower!

- 30% off ALL seats, including Christmas -

Low fares airline Monarch Scheduled is this week slashing all fares by a massive 30%. Every single seat on every single route on the winter 2004/05 and summer 2005 schedules has been reduced by 30%. There are no restrictions - if the seat is for sale, you'll discover its price has been cut by a third! Bookings must be made online at [www.flymonarch.com](http://www.flymonarch.com) between Friday 19 November and Tuesday 23 November 2004.

So why not take advantage of this offer and book your seats for Christmas? A family of four could save a massive £790 off their holiday flights this Christmas\*.

Fares include pre-bookable allocated seating to avoid the last minute free-for-all, complimentary daily newspapers and in-flight entertainment and a refreshing hot towel service. Regular travellers are rewarded too, with a range of benefits through the airline's loyalty scheme Vantage Club.

Notes to editors:

Instead of offering the traditional set meal included in the price, passengers on Monarch Scheduled have the option of buying a delicious hot meal, freshly baked snack, light salad, imaginatively filled sandwich or full English breakfast from the recently launched in-flight menu. Hot drinks, plus a selection of wines, spirits and minerals are also available.

Terms & Conditions:

- Fares quoted are subject to availability
- Flights must be booked between 00.01hrs on 19 November and 23.59hrs on 23 November 2004
- Flights can only be booked online at [www.flymonarch.com](http://www.flymonarch.com)

Monarch Airlines operates both charter and scheduled services, branded Monarch and Monarch Scheduled respectively.

Founded in 1968, Monarch Airlines is part of the Monarch group of companies together with Monarch Aircraft Engineering Ltd and tour operators Cosmos and seat-only specialists Avro. Monarch is one of the UK's largest leisure airlines and the principal independent supplier of charter seats to tour operators large and small, flying to around 100 destinations across Europe, America, Africa and Asia from the UK's principal and regional airports.

Monarch Scheduled is the scheduled service division of Monarch Airlines offering services from London Luton, London Gatwick and Manchester Airports to destinations in Spain, Portugal and Gibraltar.

The airline, based at Luton, operates one of the most well-equipped fleets in the skies today comprising 17 Airbus and seven Boeing aircraft.
