

# Compliance Imperatives and launch of Monarch V 8

Submitted by: Alison Hall PR

Tuesday, 22 March 2005

---

The Launch Of Monarch Version 8 – 17 Years of Development Provides The Business as Usual Approach to Compliance Imperatives

Institute of Directors 22 nd April 2005

You are cordially invited to attend a focused event at the IOD to learn why the launch of Monarch Version 8 is a clear call to action for those enterprises with compliance issues. You will meet and hear from the Senior V.P. John Kitchen and Product Manager Gareth Horton, a key member of the design team. You will learn from Rob Graham, Product Manager for Europe, The Middle East and Africa, how Datawatch's world famous family of products offers you the option of adopting a business as usual approach to compliance issues. You will have the opportunity to question the speakers and also understand how this technology allows you to extend the return on investment in your existing technology.

09.00

Coffee & Registration

10.00

Rob Graham, Product Manager Datawatch Europe Ltd. Welcome to Guests & Introduction of Speakers and a brief overview on how Monarch allows your organisation to roll out a business as usual approach to compliance
