

A FACE LIFT IN A TUBE!

Submitted by: Collin Resultime Skincare

Wednesday, 12 October 2005

Collin Professional Skincare are proud to announce their new addition to their Morpho-Skin range...
THE MORPHO-SKIN MINUTE LIFTING MASK!

- A product that offers quick fix or long term results depending on your age and skins needs.
- The first ever mask to give a great lift in 5 minutes flat.
- A mask that will prolong the life of your makeup by smoothing the epidermis, thus giving the very best make-up base – magic for a night out!
- A mask to bring radiance and regain the contours of youth – A beauty flash effect, great for mornings when your features are tired!
- A rapid and spectacular result in only 5 minutes no matter what your age.

For whom and when?

Between 25+ years old- A booster before going out- Stops the first signs of ageing - Whenever you wish!
Between 30+ years old- Tired features, lack of radiance- Presence of fine lines - Once a week
More than 35+ years old - The oval of the face needs to be reshaped- Features of the face to be toned and lifted - 2 to 3 times a week

A soft and slightly pearly pink texture with delicate scent
Tested under dermatological control

MAIN ACTIVE INGREDIENTS AND PROPERTIES

* Ultra-tightening bio-polymer (lifting active ingredient, which is the leader of a “new generation” of tightening ingredients)

Tightening effect: - forms an elastic and continuous film - smoothes the micro-relief - refines the skin texture.

Anti-wrinkle action: - instant “de-wrinkler” - tightens the features - smoothes the fine lines.

* WS 23 (cooling agent)

“Cool Ice” effect: - smoothes the skin out - energising booster & beauty flash effect.

* Glycerine

Softness effect: - Moistening - Hydrating of the upper layers of the epidermis thanks to its ability to retain water within the epidermis - Limits the dehydration of the skin

50ml tube, RSP £25.00
