Sussex Promotions Ltd is delighted to announce the launch of its new, improved and updated website:  
[www.sussexpromotions.co.uk](http://www.sussexpromotions.co.uk).

Andrew Nash, Managing Director says “we had a simple web site for many years but recognised we were scratching the surface of the web’s potential, I am delighted with what we have created.”

The website provides on-line access to our catalogue of 1200+ promotional products (<http://www.sussexpromotions.co.uk>), which we have divided into 27 product categories such as Pens (<http://www.sussexpromotions.co.uk/pens.php>), Mugs (<http://www.sussexpromotions.co.uk/mugs.php>), Umbrellas (<http://www.sussexpromotions.co.uk/umbrellas.php>), MouseMats (<http://www.sussexpromotions.co.uk/mousemats.php>), Clothing (<http://www.sussexpromotions.co.uk/clothing.php>), USBs (<http://www.sussexpromotions.co.uk/usb.php>) etc.

The site is designed to make life as simple as possible for the surfer to find the promotional merchandise they are looking for quickly and with a minimum number of “clicks”.

Andrew Nash comments “The web site is of course restricted to those products we have selected with our suppliers, we recognise clients are sometimes looking for the unusual or one-off items, to help them we have made available our online sourcing system with over 50,000 product ideas! You can search by Product Type, Themed Ideas, Price, Industry Type or even by Colour.”
