

The NEW Football Popcorn Maker from Giles & Posner; Football Fanatical!

Submitted by: Inspirational PR

Wednesday, 17 September 2008

The Football Popcorn Maker, to be launched at the end of November is one of the latest gadgets from Giles & Posner, food entertainment at its best! Amaze your family and friends with the exceptional experience of the Football Popcorn Maker, fun for everyone, as a treat, or to enhance the enjoyment of watching a football match in the comfort of your own home.

Delight your guests with endless amounts of fresh popcorn from the themed football Popcorn Maker. Thanks to Giles & Posner, the company that brought you the chocolate fountain; children of all ages will want to get involved, from ages 5 to 65. Fun to look at and exciting to use; the Football shaped hot-air Popcorn Maker opens up to reveal the hopper/heater and the themed lid doubles as a bowl for your fluffy fresh popcorn.

It's so straightforward yet enjoyable to use, see it transform the kernels into bowls full of fresh popcorn. From less than 8p per bowl of popcorn, the Football Popcorn Maker gives you more fun for your money. It's easy to operate, just use the spoon provided to measure the quantity of popcorn kernels required and pour it into the central chamber. Switch on the power and watch in amazement as fresh popcorn is blown out through the opening of the clear cover and into your own football themed bowl.

Using hot-air instead of oil means that it's a much healthier option than popcorn makers that require oil and it pops up to 80g of kernels in less than 3 minutes! Once popped you can add salt, sugar, or chili flavoring to your popcorn for more adventurous tastes! There is a built in butter tray which sits over the popcorn, the heat from the hopper/heater melting it, so that you can pour it over your popcorn as you desire.

The Football Popcorn Maker is versatile; it can be used for events or fun times with family or friends indoors or outdoors. It's easy to clean, maintain, with a detachable, dishwasher proof bowl. Best of all it's simple to use, and comes complete with a fool proof user guide, and instructions for use.

- Capacity of 80-100g kernels
- Runs for 3 to 3.5 minutes per cycle and a maximum of 3 consecutive cycles.

The Football Popcorn Maker is just one of the new innovative food entertainment products from the Art In Party Range from Giles & Posner; products that are ideal as a gift or party piece.
