

# Sumptuous wedding celebrations that won't cost the earth

Submitted by: GreenUnion

Monday, 1 December 2008

---

Congratulations – where will you be married? First off, the search for location and venue, often a stressful and confusing experience for couples. No longer, as GreenUnion's sustainable and stylish wedding directory ([http://www.greenunion.co.uk/weddings/8000our\\_partners/index.html](http://www.greenunion.co.uk/weddings/8000our_partners/index.html)) offers newly added ideas to their comprehensive list of unique and quality suppliers.

GreenUnion.co.uk (<http://www.greenunion.co.uk/>) is the place to visit for inspiring ideas, planning your theme and organizing the big day. Explorers will discover an amazing bounty of exclusive and magical venues (<http://www.greenunion.co.uk/weddings/8210venues/index.html>) with stunning views and character. Find inspiring locations from hotels to private country houses, London Zoo and the city, to the coast and in the countryside - the directory offers many choices. Beautiful romantic and intimate gatherings, no matter what the season, are recommended to create a personal event where families and guests can relax, retreat, unwind and enjoy.

For outdoor celebrations Green Union's Wedding Directory suggests a vast array of marquees and tents ([http://www.greenunion.co.uk/weddings/8130marquees\\_tents/index.html](http://www.greenunion.co.uk/weddings/8130marquees_tents/index.html)). Couples will delight in the unique and unusual, sumptuous and evocative options available. From grand pavilions and yurts to vintage style tents and tipis - an elegant and versatile blend of global architecture and structures, using canvas and wood, will set off any event perfectly. Sustainable materials are used throughout and all partner companies are given a 'green gauge' score enabling a quick overview when considering the carbon footprint of the event.

Rosie Ames, Green Union's founder says "We have designed our Wedding Directory to give couples the wedding of their dreams, with an exclusive eco-chic flavour and a memorable event to last forever."

Green Union promotes style and sustainability and provides quality choices for beautiful, meaningful and stunning wedding celebrations. The website offers a whole wedding planning service and provides bouquets to bunting and tipis to transport for happy gatherings that won't cost the earth.

##Notes for editors##

GreenUnion was set up in 2006 for couples planning a beautiful celebration reflecting ethical values without compromising gorgeousness. The company brings eco values and awareness to the wider marketplace.

Green Union's Wedding Directory provides a comprehensive list of specially chosen partner companies who offer unique, sustainable, specially crafted products and services for weddings and other occasions.

Recommended wedding location examples are:

Coombe Farm & Woodlands Trust (<http://www.coombefarmwoods.co.uk/devon-wedding-venue.php>)

Bedruthan Steps Hotel (<http://www.bedruthanstepshotel.co.uk/venue/weddings>)

ZSL London Zoo

(<http://www.zsl.org/zsl-london-zoo/corporate-and-private-events/private-parties,107,AR.html>)

Wonderful marquees and tents examples are:

Over the Moon Tents ([http://www.overthemoontents.com/over\\_the\\_moon\\_weddings.htm](http://www.overthemoontents.com/over_the_moon_weddings.htm))

World Inspired Tents (<http://www.worldinspiredtents.co.uk/>)

LPMBohemia The Tent Co ([http://www.lpmbohemia.com/bohemia\\_indian.html](http://www.lpmbohemia.com/bohemia_indian.html))

The green gauge ([http://www.greenunion.co.uk/weddings/9550green\\_gauge/index.html](http://www.greenunion.co.uk/weddings/9550green_gauge/index.html)) scores partner companies on a range of eco friendly criteria including:

Sustainable and local food

Diversity and fair trade

Culture and heritage

Sustainable materials and transport

Waste reduction

Water conservation

Carbon reduction

GreenUnion.co.uk is the only eco weddings portal run by professionals with track records in fashion and weddings. It is therefore a high quality, authoritative and mainstream website, appealing to a much broader range of customers than just the most environmentally committed.
