

Stop your discs skipping

Submitted by: John Mills (JML)

Wednesday, 10 December 2008

If you hate it when your CD's or DVD's skip and jump then you'll need JML's Disc Clinic. There's nothing more irritating, especially in the middle of your favourite song or movie. Dirt, surface scratches and even fingerprints can ruin your library, and cost you a fortune to replace.

Don't throw your money away! With the Disc Clinic you can repair these at a fraction of the cost and in an instant. All you have to do is spray and spin. Simply spray your Discs with our specially formulated fix and clean spray. Then, place your CD into the CD Clinic, turn the handle and you're done.

Restore the shine to your CD and DVD collection with the JML Disc Clinic. Unbeatable value at £9.99 and available from www.JMLdirect.com, Boots

For more information, samples or images please contact Jonathan O'Connor at John Mills Limited, tel: 0207 691 3876 or email Jonathanoconnor@johnmillsltd.co.uk
