Say it with Croft Pink - the smart choice for Valentines

Croft has shaken up the Port category with a deliciously, lip-smaking rosé called CROFT PINK which will tickle palates pink on Valentine's Day.

No longer only considered as an after dinner drink, CROFT PINK has revolutionised Port drinking bringing it right up to date for year round enjoyment. Smart drinkers will enjoy its sweet, vibrant aromas when served chilled, over ice or long with soda accompanied by roasted almonds or olives.

Produced like a light Ruby Port using a special technique which extracts only a hint of colour, without compromising freshness and fruit appeal, CROFT PINK exudes gorgeous, ripe cherry and raspberry aromas with nuances of honey and grapefruit. It is sweet but fresh capitalising on the deliciousness of red Port without the formality.

So keep romance alive and love sweet with CROFT PINK – the cool choice for 14 February.

Available nationwide at Sainsbury, Asda, Morrisons and Costcutter at the recommended retail price of £9.99 a bottle.

END
