Volkswagen Commercial Vehicles (<http://www.volkswagen-vans.co.uk>) is helping new and used van buyers in early 2009 with new finance offers on some of its most popular vans, such as the VW Caddy, now available new from £189 a month (<http://www.volkswagen-vans.co.uk/finance/current-offers/caddy-offer/>), or used from the Volkswagen Assured Used scheme from only £99 a month (<http://www.volkswagen-vans.co.uk/finance/current-offers/assured-used-offer/>).

Selected new models of the VW Caddy, Caddy Maxi and Transporter van ranges are now available on Contract Hire or Finance Lease programmes from £189, £209 and £229 a month, respectively, over 36 months at 10,000 miles per annum. This attractive financing offer is available to business users from participating Volkswagen Van Centres until 31 March 2009.

The quality and durability of Volkswagen vans makes them just as desirable and even more affordable as used vehicles. Volkswagen Commercial Vehicles is currently offering used (57-registration) Caddy vans with less than 20,000 miles from only £99 a month, or Transporter vans with less than 15,000 miles for £129 a month, with the comfort of knowing every vehicle has been prepared to the high standards of the Volkswagen Assured Used (<http://www.volkswagen-vans.co.uk/assured-used/introduction/>) programme.

These Lease Purchase offers for Volkswagen Assured Used vehicles are available, subject to availability, at participating Volkswagen Van Centres until 28 February 2009.

Volkswagen Commercial Vehicles is the largest van importer to the UK with an enviable heritage and reputation for quality and reliability. The award-winning Volkswagen van range (<http://www.volkswagen-vans.co.uk/van-range/show-range/>) increases in size from the Caddy (<http://www.volkswagen-vans.co.uk/caddy/>), Caddy Maxi (<http://www.volkswagen-vans.co.uk/caddy-maxi/>), Transporter (<http://www.volkswagen-vans.co.uk/transporter/>) and Crafter (<http://www.volkswagen-vans.co.uk/crafter/>) ranges, offering load volumes from 3.2 m<sup>3</sup> up to 17.0 m<sup>3</sup>, with the support of a unique nationwide network of dedicated Volkswagen Van Centres (<http://www.volkswagen-vans.co.uk/van-centres/search-for-local-van-centre/>).

'In the current business climate we've tried to support our Van Centres and customers by making our new and used vans much more affordable without resorting to tactics which might jeopardise residual values, increase whole life costs and end up costing the customer more,' said Simon Elliott, Director, Volkswagen Commercial Vehicles.
