Concentra enhances business intelligence offering using the MicroStrategy platform

London, 22 January 2009 - MicroStrategy® Ltd, the UK subsidiary of MicroStrategy Incorporated (Nasdaq: MSTR), a leading worldwide provider of business intelligence (BI) software, today announced that Concentra (<http://www.concentra.co.uk>) has signed a Global Reseller Agreement with MicroStrategy (<http://www.microstrategy.com>). Concentra (<http://www.concentra.co.uk>) is a UK-based business consulting and technology services company, serving clients across a number of economic sectors, with a particular expertise in healthcare and financial services.

Under the new agreement, Concentra plans to train and certify its consultants on the MicroStrategy Business Intelligence Platform™. The agreement will enable Concentra to use MicroStrategy software for development and demonstration purposes, and to promote MicroStrategy-based solutions to its enterprise customers. Concentra, which operates globally, delivers value to customers by designing, building, deploying and supporting customised and integrated products that can boost profitability, streamline operations, and improve collaboration, which now includes the enterprise-wide MicroStrategy Business Intelligence Platform.

Goetz Boué, director at Concentra stated, "MicroStrategy was chosen as our Business Intelligence partner to complement and enhance the expertise we already have in analytical modelling, data management and software development products and solutions, whilst expanding our offerings to our customers. The need for data-driven decision making is becoming an indispensable component of any organisation's business strategy, and presents a valuable opportunity to Concentra and MicroStrategy alike."

"We are delighted to add Concentra to our portfolio of services partners in the UK," said Rowland Adshead, MicroStrategy's country manager for UK & Ireland. "This agreement will extend our global reach and we look forward to identifying new business opportunities with Concentra."
