

Elements Living Launches Oak Stonecut Furniture Collection

Submitted by: Ad Hoc-PR

Monday, 9 February 2009

Furniture and wallcoverings boutique, Elements Living <http://www.elementsliving.co.uk> has launched the new Ethnicraft Oak Stonecut collection of furniture for the living room. Each piece features striking horizontal cuts to add interest and accentuate the texture of the solid, unfinished oak.

The architectural, linear detail on the front is contrasted by the smoothness and the naturally wavy, intricate grain of the top and side panels. Ethnicraft's trademark streamlined styling makes the collection's sideboards, TV cupboards, wall shelves, side tables and coffee tables, a stylish addition to any contemporary home.

Says Elements Living founder, Anthony Ferguson: "The new Stonecut collection is both ornamental and practical. People now expect their furniture to offer more than just simple storage solutions; the craftsmanship and detail on these pieces makes them unique and original."

Prices start from £86 for the Oak Stonecut Wall Shelf to £1260 for the Four Door High Oak Sideboard, visit www.elementsliving.co.uk or call 0161 633 2123 / 0161 652 9841 for further details.

Based in Oldham, Greater Manchester, Elements Living is a leading stockist of the Ethnicraft range and exclusive wallcoverings from Marburg, Omexco, Arte and Wilman.
