

# Tough Telescopic Security Posts - Down in Price

Submitted by: Barriers Direct

Tuesday, 10 February 2009

---

Commercial telescopic posts are down in price on line at <http://www.barriersdirect.com>. For customers purchasing in February we are passing on the savings of up to 25%.

Janine Carhart Barriersdirect.com Managing Director says "We have already passed on all the vat saving to our customers now we are passing on the saving on steel costs plus a little bit more" With crime increasing what better time to secure your property & vehicles.

Manufactured by one of the country's leading manufacturers of manual retractable bollards, using the latest engineering methods and technology to produce the highest quality range possible. This range of telescopic posts offers a great deterrent against thieves protecting perimeters, roller shutter doors or protecting high value vehicles at home. Ideal for driveways or parking spaces. They provide a neat and tidy solution, dropping down completely out of sight when not in use.

All come with a mud flap to keep out general debris. The lock is a push-pin hardened, anti-drill integral lock situated at the top of the post. Just pull, twist and push down the lock to secure in the upright position, and to lower unlock, twist and let down gently closing flush. There is even a sliding flap over the key area for extra security.

## FEATURES:

- \* Submerges into its own steel sleeve to sit neatly under mud flap when lowered.
- \* Steel lifting handle.
- \* 10 pin anti drill push button lock.
- \* Powder coated or galvanised upper post.
- \* Galvanising is to BS EN ISO 1461 (1999).
- \* Red/white tape as standard on galvanised post.
- \* Tape optional on powder-coated post.
- \*
