

Affordable FLOOD BARRIERS

Submitted by: Barriers Direct

Tuesday, 10 February 2009

At last an effective flood barrier you can afford.

<http://www.barriersdirect.com> flood barriers are manufactured from galvanised steel for strength and security. Easy to install and suitable for both domestic and commercial premises. Adjustable omegas ensure a tight seal and add strength and rigidity to the barrier.

Janine Carhart Barriers Direct Managing Director said "Once initial installation has been made the flood barrier can be deployed in minutes, customers can be prepared and have peace of mind".

- * Robust galvanised steel construction
- * Protects against the consequences of flood damage
- * Easy installation - quickly deployed and removed
- * Tough flexible seal ensures good contact on most surfaces
- * One size fits openings 62cm to 109cm
- * Patented design tested by the 'Laboratoire d' Essai'

Flooding is one of the most disrupting occurrences that can be experienced. For companies, it can mean loss of trade due to damaged equipment, records and stock, higher insurance costs etc.

For the home owner flooding is distressing and fraught experience with loss or damage to personal effects and property.
