The launch of Catererglobal VIP Club identifies the needs of today's jobseekers, taking the international hospitality job-site to another level. This members-only club offers hospitality workers worldwide exclusive access to specialist advice, news and information that will help raise their profile and career prospects.

This is particularly important in today's economic climate where both temporary and permanent hospitality jobs will become harder to find. Certainly, international hotel companies will become more demanding in their quest for the right candidate as they become more cautious in their recruitment investment.

www.Catererglobal.com Website director Ian Burke explains:

"Catererglobal VIP Club is an online members club that provides a range of services, relating to the hospitality industry, that aim to help talented jobseekers find successful placements in a toughening economic climate"

In line with Catererglobal VIP Club's commitment to its customers, the team commissioned extensive industry research into the services, offers and resources that today's jobseeker need.

The benefits of becoming a Catererglobal VIP member are numerous, but some of the key services are:

- An international hospitality-specific News Zone, updated throughout the day, to keep members up to speed about the latest industry news worldwide, check out what the movers and shakers are up to, and get the heads-up on new hotel openings
- Expert advice on working in the global hospitality market, including CV and interview advice, personal career development, salary negotiation techniques and tips on how best to handle yourself when you start a new job...plus...
- Ask an expert - a panel of leading industry and HR professionals are available to answer individual member's questions
- Relocation Guides – comprehensive e-brochures with advice, facts and tips about taking your career abroad
