In an age where big is most definitely seen as best, it's no wonder that as well as a BIG car, BIG house and BIG wage packet, men would also like a BIG penis.

However, not all are blessed by Mother Nature, and though most are happy with their less than huge penis, nearly all would not say no to an extra inch or two.

Male Edge (<http://www.sextoys.co.uk/Penis-Pumps/Male-Edge-Pro.asp>) is a revolutionary new penis extender that delivers maximum results in minimum time. From the makers of the Jes Extender, the most successful penis extender in the world to date, comes this updated, stronger, lighter weight version that is guaranteed to make you bigger, quicker!

Male Edge (<http://www.sextoys.co.uk/Penis-Pumps/Male-Edge-Pro.asp>) works using traction. It expands the skin tissue using its unique traction mechanism. When force is applied to the body for a long period of time it naturally combats the force which leads to cell growth resulting in a longer, thicker penis. The greater the force, the better the results and unique to the Male Edge is its 2800g of traction power - almost double that of the competition.

Its advanced design means that whether you are currently sporting 1.6 inches or 9 inches, you can gain up to an extra 3.5 inches to your penis, fast. Results showed gains of up to 2 inches after just four months! Male Edge can also increase your girth up to 19% too and even help men with penile curvature with reports of a 50% to 90% success rate.

No other method of penis enlargement, whether surgical or mechanical, has achieved these kind of results, either in lengthening the penis or in penis curvature correction.

Surgical grade plastics are used to provide a material that is super strong and super lightweight. Unlike other extenders that are made of stainless steel, the assembled device weighs only 65g.

The Male Edge (<http://www.sextoys.co.uk/Penis-Pumps/Male-Edge-Pro.asp>) is so light that you can wear it most of the day and even forget it's there – you can even sleep in it!

Male Edge (<http://www.sextoys.co.uk/Penis-Pumps/Male-Edge-Pro.asp>) comes in a stylish carry case. Three versions available from sextoys.co.uk.

Male Edge Basic £114.95

Male Edge Extra £124.95

Male Edge Pro £149.95
