Look and feel great on the beach this summer with a little help from The Sanctuary Spa.

### AWARD WINNING TRIM & TONE BODY WRAP £24.46

Lose up to 5cm and tone up any 'problem areas' with this detoxifying clay wrap. The purified clay has been infused with a complex of natural ingredients that have been shown to help detoxification and firming by encouraging collagen synthesis. After just one hour unwrap your new slimline silhouette!

### CELLULITE MASSAGER £7.83

The Sanctuary Cellulite Massager has been specifically designed with nodules to boost circulation and encourage lymphatic drainage, helping to improve the appearance of cellulite. Use daily and religiously.

### SCULPTING ANTI-CELLULITE TREATMENT £12.71

A light refreshing gel, infused with powerful actives including Glucine, which penetrate into the skin, where they work to assist the natural process of fat-burning and then slow the storage of further lipids; leaving skin smoother and firmer with a visible reduction in cellulite.

### MICRODERMABRASION BODY RENEWAL £8.80

Polish away any winter blemishes with this ultra-refining microdermabrasion crème designed to buff away those micro-bumps. Rough areas are visibly reduced after weekly use, leaving skin ultra-refined, rejuvenated and radiantly smooth.
