

SurgiCare celebrates three years of weight loss surgery

Submitted by: pr-sending-enterprises

Wednesday, 29 April 2009

SurgiCare, one of the UK's most popular cosmetic surgeons, is organising an open day party to celebrate their third birthday since weight loss surgery launched at the company.

In the three years since SurgiCare launched weight loss surgery nearly 1000 people have been helped to achieve their weight loss and health goals. To celebrate this, SurgiCare are hosting an open invite party, on Thursday 30 April 2009.

The party starts at 6.30pm and will go on until 8.00pm and can be found at each of the Surgicare branches. The party provides potential patients with an ideal opportunity to meet the SurgiCare weight loss team, learn more about weight loss surgery (<http://www.surgicare.co.uk/weight-loss-surgery.aspx>) informally and meet people who have undergone surgery and achieved their weight loss goals in the last 18 months. The information will cover all forms of weight loss surgery from a gastric bypass (<http://www.surgicare.co.uk/weight-loss-surgery/gastric-bypass.aspx>) to cosmetic surgery (<http://www.surgicare.co.uk/cosmetic-surgery.aspx>).

The open evening is ideal for people serious about weight loss surgery and those who just want to know a little bit more the procedures available.

Enquiries about weight loss surgery at SurgiCare have risen year-on-year and the number of consultations in March 2009 was more than double the corresponding figure for 2008. Weight loss surgery procedures - including gastric balloon (<http://www.surgicare.co.uk/weight-loss-surgery/gastric-balloon.aspx>) fittings - are most popular in June and July with patients looking to slim down for the summer.

Further details of weight loss surgery are available on the SurgiCare website which features video testimonials from patients of all kinds of weight loss procedures as well as weight loss case studies.

About SurgiCare

SurgiCare is one of the largest and most respected cosmetic surgery networks in the UK. SurgiCare was established more than 16 years ago by a leading professor of surgery, now its medical director, who also chairs its in-house Medical Advisory Committee.

As one of the leading UK specialists in cosmetic treatments, SurgiCare has the experience, latest therapies and the caring, professional staff to enhance a patient's self-confidence by improving appearances. SurgiCare prides itself on providing an unrivalled aftercare service with all surgeons registered on the General Medical Council Specialist Register, to ensure every patient receives the best possible standard in care and results.

SurgiCare has helped more than 20,000 patients fulfil their dreams of looking and feeling their best. SurgiCare also specialise in weight loss surgery with a unique 24 month support programme and lifetime aftercare.
