Gerber Shortcut & Silva Compass 10 Gift Pack

It won't be long till Father's Day is here on the 21st of June so Gerber & Silva have teamed up to create the ultimate getaway gadget gift for outdoor dads - the Gerber Shortcut & Silva Compass 10.

If your dad likes to get away from it all by walking, camping or enjoying outdoor pursuits it's time to navigate the way to his heart with a reliable compass (<http://bit.ly/eJQE6>) and handy key ring multi-tool (<http://www.gerberuk.com/index.php/product/id/89>). Two light-weight, mini gadgets specifically combined for men to tackle any adventure.

The Silva Carabiner Compass (<http://bit.ly/eJQE6>) is easy to read and light enough to take anywhere anytime helping you find the right direction. Compact with a built-in thermometer it neatly keeps track of the temperature and is loaded with a carabiner attachment that works as a key chain or a zipper pull. Compasses are robust and give a reliable system of signals perfect for taking on walking expeditions or to keep handy in the car if the Sat Nav fails!

Right next to the Compass is the top selling Gerber Shortcut Mini-Tool (<http://www.gerberuk.com/index.php/product/id/89>). It's top selling because of its pint size qualities. Everyone knows that multi-tools are a man's best gadget friend as they're designed for unexpected DIY needs or to keep on your key ring as a nifty bottle opener. Gerber's pint size powerhouse mini scissor tool is packed with standard screwdrivers, Philips screwdriver, fine edge knife blade, file, bottle opener and Fiskars scissors.

Look no further, waste no time – for only £19.99 buy this Gerber & Silva gift set on online visit www.completeoutdoors.co.uk/Gerber-Shortcut-with-Silva-Forecaster-Compass-Carabiner-10-Gift or for stockists call 01506 406277

The Gerber Shortcut & Silva Compass 10 Gift Pack is available approx £19.99
