Solutions, Instant Messaging and Presence

London — June 24, 2009 — Today, Eurodata Systems announced it has been selected as a 2009 Microsoft Worldwide Partner Conference Awards finalist in Unified Communications Solutions, Instant Messaging and Presence.

Des Lekerman, joint Managing Director, Eurodata Systems, explained "Eurodata are delighted at being recognized as Global Partner of the year for Microsoft Unified Communications. The award validates our commitment and expertise to delivering UC solutions, which has directly resulted in reducing costs by up to 50% and increasing productivity by up to 23% for many of our mid-market customers. Among those organizations that have already reaped the benefits of this technology, include Finance, Legal, Healthcare and Education sectors, continued Lekerman. .

Eurodata have been selected from a pool of nearly 2,000 entrants worldwide. The Unified Communications Solutions, Instant Messaging (IM) and Presence Partner of the Year award recognizes partners who have excelled in delivering solutions that use Microsoft Office Communications Server and Microsoft Office Communicator to plan, deploy, and manage IM and presence. Submit your solution that enables intuitive and seamless communications showcasing the unique and positive effect you had on your customers' businesses.

"Partners are the key to igniting business innovation through great technology as well as helping customer drive down costs," said Allison L. Watson, Corporate Vice President, Worldwide Partner Group, Microsoft Corp. "Congratulations to the 2009 WPC Award finalists who have demonstrated a superior level of expertise as well as a focus on delivering customer value. We look forward to seeing these partners fulfil their limitless potential as they continue to provide customers with world-class Microsoft solutions."

The Microsoft Worldwide Partner Conference Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions over the past year.
