Thomson and First Choice News in brief

FREE entrance into Walt Disney World in Florida especially for First Choice's littlest customers

There's never been a better time to enjoy a family holiday to Florida's (<http://www.firstchoice.co.uk/holidays/florida-holidays>) Walt Disney World Resort in Orlando – especially now as First Choice (<http://www.firstchoice.co.uk>) are giving all kids the chance to go around all of the Disney Parks for two weeks for FREE! For every adult 14 day Disney Ultimate park ticket bought as part of their booking, they'll snap up a free kid's 14 day ticket absolutely free for their kids aged three to nine. Not only that but any adult ticket bought can be purchased as part of the current 14 days for the price of seven offer. So customers will get half price tickets for the grown-ups and free tickets for the kids.

This fantastic offer is valid for two week holidays to Florida (<http://www.firstchoice.co.uk/holidays/florida-holidays>) taken in April, May or June this year, and booked from 1 February to 31 March 2010 staying at a Walt Disney World Resort hotel. This saves a family of four up to £452 on a two week holiday, as adults 14 day tickets are currently the same cost as seven. Families will get the chance to use this to explore all of the Disney Parks, including Magic Kingdom, Epcot, Disney's Hollywood Studios and Animal Kingdom Theme Park; plus get wet at Blizzard Beach and Typhoon Lagoon Water Parks.

And with a selection of accommodation for every budget, from the fantastic value at the 3 Sun Disney's POP Century, to the more deluxe 5 Sun Disney Animal Kingdom - there really is something for everyone.

To take advantage of this fabulous offer, visit your nearest First Choice travel shop, call 0871 231 4794 or visit www.firstchoice.co.uk/disney - but be quick – as this offer is subject to availability – so once they're gone – they're gone! Terms and conditions apply.
