ALSO Home's range of throws and woven bed linen, are perfect for keeping warm this Autumn/Winter and creating a nostalgic, cosy look in the bedroom. Available in a selection of welcoming creams, crisp whites and naturals, each piece is lovingly made by hand and designed exclusively by ALSO Home.

## Throws and Cushions

ALSO Home's cotton knitted throw features a deep striped knitted border and textured knit centre. The cushions are reversible so you can display either the stripe or the textured pattern.

## Bedspreads

ALSO Home's timeless white cotton bedspreads are simple yet elegant, made from crisp cotton percale and available in two patterns – Zig Zag and Japanese inspired Wave. The delicate quilting detail is sewn by hand by a small community in North Vietnam. These lightweight quilts look great either thrown over the end of the bed or neatly folded.

## Linen Stripe

The rustic, stripe bed linen range creates a welcoming, country style look in the bedroom and softens beautifully over time, making it supremely comfortable. The pillowcases feature a cuff and button detail and co-ordinate with the knitted throw and cushion.
