Wednesday, 8 September 2010

HOLMDEL, N.J., 08.09.2010] - [Vonage Holdings Corp

(<http://www.vonage.ca/calling-plans/residential/vonage-world-canada/>). (NYSE: VG), a leading provider of high-quality voice and messaging services over broadband networks in Canada since 2004 and in the U.S. since 2001, is changing the communications landscape in Canada with its recently launched Vonage World Canada plan. The revolutionary calling plan offers unlimited calling* around the world to more than 60 countries** including those most frequently called from Canada: U.S., U.K, France, Germany, India and China.

Vonage World Canada (<http://www.vonage.ca>) is the first calling plan in Canada to offer unlimited international calls to landlines in over 60 countries for a flat rate of just \$29.99/month for the first six months‡ and then \$39.99/month thereafter. In addition to unlimited calling to landlines in over 60 countries, mobile calling‡‡ is included to many locations. And with Vonage World there is no guesswork in determining coverage within a country. All included countries are covered in their entirety.

"Vonage is excited to extend the value of the popular Vonage World calling plan to Canada," said Marc Lefar, CEO of Vonage. "We recognize that Canada's multicultural population has extensive international calling needs. We created Vonage World Canada to enable customers to stay connected to the people they care about, whether they are down the street or across an ocean."

In addition to low flat rate calling, this groundbreaking service plan includes many popular calling features such as Caller ID, Call Waiting, Call Forwarding and Vonage Voicemail Plus. Vonage Voicemail Plus lets users listen to voicemail messages from any phone or from their Vonage Online Account. Users can also receive an email with an audio file attached, so they can listen to voicemail messages from their PC anytime, anywhere.

To sign up for Vonage World Canada, all that is required is a high-speed Internet connection, a regular home phone or landline handset, a Canadian shipping address and a Canadian credit card. Vonage will ship your Vonage phone adapter within five business days.

Vonage World Canada details are available at <http://www.vonage.ca> or by calling 1-888-898-8647.
