CitySocialising are offering the ultimate Socialising package

CitySocialising (<http://www.citysocialising.com>) have launched their 'Win a Free Social Life' competition which offers one lucky winner £3000 worth of vouchers - from the likes of SeatWave, Pizza Express, Virgin Experience Days and more - to spend with their friends making the most of their social life in 2011. The competition is free for everyone to enter, simply by visiting the competition page (<http://competition.citysocialising.com/?frm=release>) over at CitySocialising.

Prior to launching the competition CitySocialising conducted a survey of Britons to find out which activities they would like to do more of in 2011. The top choices amongst respondents were; eating out (70%), one off experience days (60%), going to the cinema (59%), going to gigs (56%) and going to the theatre (54%).

Sanchita Saha, CEO and founder of CitySocialising (<http://www.citysocialising.com>) commented:

"After listening to our loyal members and surveying people from around the UK we've created the ultimate socialising package that will ensure that our winner and their friends have a great range of activities to keep them busy throughout 2011.

We found that nearly three quarters of people surveyed wished they had made more time to socialise in 2010 and we're appealing to those people to make a conscious effort to get out of the house and along to one of our Socials this month and set the precedent for the forthcoming year. CitySocialising now spans 50 cities across the UK and with over 100,000 members there has never been a better time to meet new people (<http://www.citysocialising.com/friends>), and connect with new friends (<http://www.citysocialising.com/friends>) in your area."

The survey also revealed that 65% of Britons felt they had socialised less in 2010 than in previous years and 72% wished they had a more active social life. The primary reason for this was due to dwindling social circles as friends chose to stay at home (49%). Other key issues included not knowing many people locally (37%), having less cash to spend on socialising (34%) and working longer hours (33%).

All vouchers up for grabs in this fantastic competition are redeemable across the UK ensuring respondents from London to Lincoln and everywhere in between can get involved and encourage their friends to enter for more chances to win.
