Rentals site helps holidaymakers with special requirements for their hire car

02 February 2011 – Carrentals.co.uk, the award-winning comparison car hire site, has recently announced the customisable options that are available to those on a business trip or on holiday and renting a car. In many of the top destinations around the world, the website offers deals which allow convenient car rentals for those who need it.

Many people rent a car and need to drop it off in an alternative location to where they collected it from. This one way car hire (<http://www.carrentals.co.uk/>) usually commands a high price, but Carrentals.co.uk has an array of options that allows customers to save money when they need to hire a car in one direction only.

Holidaymakers like to push the boat out and spoil themselves, and Carrentals.co.uk has some great deals for luxury car hire (<http://www.carrentals.co.uk/>) which can help people enjoy a plush car at a low price. Using the comparator, customers can search for the cheapest prices for a luxury convertible sports car, a Porsche, or check what rental deals there are for Mercedes and BMW cars.

The Carrentals.co.uk website also has bargain prices for 4 x 4 car hire (<http://www.carrentals.co.uk/>) which is perfect for those who are going on holiday near ski-slopes or where the terrain is more rugged. Having an SUV or a 4x4 can help carry more luggage around and the added traction on slippery terrain gives peace of mind.

“Having the option to collect a car in one city and drop it off in another or have an off-road car are just some of the special requirements that people renting a car need”, said Carrentals.co.uk Managing Director, Gareth Robinson. “Our site has a full range of comparison deals which helps people save money when they are on holiday or on a business trip and need to have these special options.”

In more than 9,000 worldwide locations, Carrentals.co.uk compares rental car deals from companies including Budget, Alamo, Sixt, Holiday Autos, and Auto Europe. To compare prices and the latest rental car deals visit [www.carrentals.co.uk](http://www.carrentals.co.uk)
