FLOWER GRENADES – rrp £11.99

Make peat not war with these weapons of mass urban-reduction, which are packed full of wild flower seeds and soil. Simply throw your flower grenade onto any dull piece of land and watch a miniature Garden of Eden spring up in its place. Helping to attract wildlife such as bees and butterflies, why not let rip in your own garden to transform a boring back yard into a colourful landscape that's bursting with life.
