Online affordable art gallery (<http://www.artunderamonkey.co.uk>), Art Under a Monkey (<http://www.artunderamonkey.co.uk>), announces the launch of its new range of contemporary, original art especially suited to children's rooms and nurseries. The unique collection encompasses styles and subjects from pastel-coloured nostalgic sweets to renditions of old-fashioned teddy bears and other childhood classics.

Art Under a Monkey's aim is to provide quality, original art at genuinely affordable prices. The company caps its prices at under £500 - with the majority of artwork on offer for much less. Adopting the London slang for £500 - a 'monkey' - Art Under a Monkey focuses on providing highly affordable contemporary art with no compromise on quality.

The online gallery has strong environmental and ethical policies and has set up associations with charitable organisations including Kids Company, a charity which provides practical, emotional and educational support to vulnerable children and young people, to which the gallery donates a percentage of each children's artwork sold. The company also guarantees to ship in environmentally sustainable packaging and offers gift vouchers and a no-quibble money-back guarantee.

Both readers and journalists can receive a complimentary £35 gift voucher which can be used against any artwork purchase from the Art Under a Monkey website. Vouchers are valid for a year. To receive your free gift voucher please contact info@artunderamonkey.co.uk and a no obligation, complimentary voucher will be sent by first class post.
