The UK's number one skincare chain, sk:n Clinics, has announced a magnanimous 25% off promotion covering its entire range of procedures, which range from laser hair removal to liposuction.

The new promotion comes soon in the wake of the Spring Revival, a package of deals and offers laid out by sk:n Clinics over March and April.

This temporary promotion will be accessible for clients all over the country, thanks to the cosmetics chain having a presence in over 30 locations. As well as a high concentration of branches in London, the clinics can be found in almost every region of the UK.

For over 20 years, sk:n have gained a reputation for providing a competitive standard of cosmetic treatment, carrying out over 3 million treatments over a 20 year period.

The spectrum of therapy that will fall under this offer, which is timed to coincide with the generous bank holiday allowances made possible by the Royal Wedding, ranges from minor procedures such as Botox (<http://www.skncinics.co.uk/treatments-and-pricing/botox>) and laser hair removal (<http://www.skncinics.co.uk/treatments-and-pricing/laser-hair-removal>) to surgical treatments including breast enhancement and liposuction.

Treatments are carried out by an experienced team of sk:n experts and trained practitioners in a calm and relaxing environment.

Free consultations can be booked by calling 0800 180 8702, or by visiting the website at <http://www.skncinics.co.uk>
