Precise partners Tieto for Transaction Performance Management Northern Europe's Leading IT Services Company opts for Precise

UK – April 14th, 2011 – Precise, the global leader in transaction performance management (<http://precise.com/solutions/tpm.asp>), today announced a sales partnership with leading Northern European IT Services company, Tieto (<http://www.tieto.com/press>).

Under the new agreement, Tieto's testing and monitoring practice will offer its corporate clients Precise Transaction Performance Management (TPM). The collaboration comes shortly after the announcement of Precise 9.0 (http://www.precise.com/news/press/2011-0309_precise_9.asp), adding quality of service management for applications before, during and after migration to cloud infrastructures.

Tomasz Zygodlo, Head of Application Performance Centre, at Tieto said: "The importance of managing transactions end-to-end is set to increase over the coming years, making this a vital offering for Tieto. With Precise as a technology partner, we can confidently offer our clients the best Testing and Monitoring service on the market."

Alf Saggese, Managing director, Precise EMEA said: "With its experience, technical expertise and the depth of contacts it holds following years of outstanding service, we are tremendously excited about being selected by Tieto. Northern Europe is an important and technologically advanced territory, which is important to Precise's go-to-market strategy, with help from the excellent team at Tieto, we believe it will prove to be one of our strongest."
