The Wine Bottle Chiller

(<http://www.winecorner.co.uk/browse-departments/wine-bottle-chiller/wine-bottle-chiller-abt04>) is a fast, portable drinks chiller that is perfect for restaurants, bars and wine shops that want to serve their wine at the perfect temperature.

This fast chiller only takes few minutes to bring the wine to the desired temperature and can be used with glass bottles, plastic bottles or cans.

It has four compartments: one of them is large enough for bottles with a large diameter such as magnum bottles. Each of the four housings can be set to different temperatures as desired. Acoustic and visual signals alert you when the drinks have reached the programmed temperature.

Irwen Martin of Wine Corner comments, "We are continually developing new products and the Wine Chiller is our latest addition. Attention to detail has been important and the Chiller has an elegant finish in either black or stainless steel sides. There are wheels (with stoppers) allowing easy moving which makes it perfect for restaurants and wine bars where finish is as important as functionality."

To find out more visit our Wine Bottle Chiller

(<http://www.winecorner.co.uk/browse-departments/wine-bottle-chiller/wine-bottle-chiller-abt04>) website page now.

Wine Corner also offers made to measure wine cabinets as well as the design and installation of bespoke wine cellar solutions, visit www.winecorner.co.uk.

About Wine Corner (<http://www.winecorner.co.uk/>)

Wine Corner is part of a group of companies including The Corner Fridge Company (<http://www.cornerfridge.com/>) supplying fridges and refrigeration products and Warm Corner which offers glass electric radiators (<http://www.warmcorner.co.uk/>). They pride themselves on offering stylish and innovative products that defy convention.

Wine Corner can be contacted by phone on 0845 301 6617 or 01302 744916, by email info@winecorner.co.uk and through their website www.winecorner.co.uk.
