Dramatic Jewels (<http://www.Dramatic-Jewels.com>) heralds Rodrigo Otazu (<http://www.Dramatic-Jewels.com>) designer jewellery for the party season

Buy or hire, but look and feel like an A list celebrity!

At Dramatic Jewels the party season is already in full swing with a new up to the minute collection of fabulous jewellery from celebrity darling and Argentinian-born designer, Rodrigo Otazu. With an undeniable “wow” factor the newly arrived collection, currently available in the UK only from Dramatic Jewels, includes this season’s latest A-list celebrity jewels to buy or hire, including those being worn by icon of the moment, Lady Gaga.

Unavailable anywhere else in the UK, the trend-setting and unique hire service from Dramatic Jewels also makes Rodrigo’s stunning and distinctive jewels available to borrow for parties and special occasions. They can be hired in one week blocks at a fraction of their retail price and then sent back via a prepaid service when the party’s over.

To get the party going, Dramatic Jewels is offering all new website subscribers 20% off (<http://www.dramatic-jewels.com>) all purchases until the end of December. Gift Certificates in denominations of GBP 50 or GBP 100 also make the perfect Christmas gift.

Made using AAA grade Swarovski crystals and elements, Otazu’s jewels have a tendency to turn heads and have become a regular feature on some of the world’s most high profile catwalk shows and events including Paris Fashion Week. They were also recently commissioned by Patricia Field to style the blockbuster film, Sex and the City 2.

About Dramatic Jewels

Dramatic Jewels specialises in Rodrigo Otazu high quality costume jewellery made with Swarovski crystals and elements and is the official and authorised dealer in the UK of the Rodrigo Otazu “I Do” bridal collection. Jewels are available on an outright sale or “buy back” basis. They are also available for hire. Customers are served online, through exhibitions and shows or on an appointment-only basis at the showroom in South Wales.
