---

Introductory price of 49 euros finishes at the end of the year

London, 14 December 2011 – United Planet ([www.unitedplanet.com](http://www.unitedplanet.com)) one of the leading developers of enterprise portal software in Europe, will be changing the price and licence model for “Intrexx Compact”, its intranet suite for small and medium sized businesses, at the end of the year. The introductory price of 49 euros for a 2 user starter pack of Intrexx Compact ends on 31st December 2011.

The new starter pack for Intrexx Compact ([www.intrexx.com/en/compact](http://www.intrexx.com/en/compact)), available from 1st January 2012, will be licensed for 5 users and will cost 275 euros. As in the past, additional licences can be purchased for 55 euros each. The new maximum number of licences per company will be set at 10 users. In contrast, companies who buy Intrexx Compact before 31st December 2011 and existing Intrexx Compact users will be able to expand their starter pack to include up to 25 users.

Axel Wessendorf, managing director of United Planet, is delighted with the recent progress of Intrexx Compact: “Intrexx Compact is an absolute success story: In less than two years, we have already sold more than 1,500 packages of this function-rich solution to SMEs. This proves that small and medium sized businesses have a genuine need for an easy to use intranet suite that supports their everyday business processes.”

United Planet developed Intrexx Compact especially with smaller companies in mind. It provides a complete enterprise portal with more than 50 applications and templates, including a comprehensive customer list, a car and machine pool management solution, a personal calendar, sales reports, a suppliers list as well as applications for contract and document management. All applications available on the portal are also accessible out of the office via a smartphone or tablet PC.

Additional business applications can be downloaded from the Intrexx Application Store ([www.intrexx.com/en/appstore](http://www.intrexx.com/en/appstore)). They can be integrated and customised to meet individual needs with only a few clicks of the mouse.

Intrexx Professional, the ‘big brother’ to Intrexx Compact, is regarded as one of the market leading intranet and portal software solutions for mid-sized businesses. More than 2,000 mid-sized companies, public administrations, and organisations worldwide already rely on this well respected solution from United Planet.

About United Planet

United Planet is one of the leading developers of enterprise portal software in Europe. More than 3,500

mid-size companies, public administrations and organisations worldwide rely on its portal software Intrexx. The Java-based, standard software Intrexx enables companies to create enterprise portals, intranets and web applications cost effectively, without the need for programming by using 'drag and drop' technology. Intrexx is platform independent and runs on Windows as well as on Mac OS X, Linux and Sun Solaris. Data from existing systems as IBM Lotus Notes, Microsoft Exchange or ERP solutions such as SAP can be easily integrated in the Intrexx Portal. A special Business Adapter also makes it possible to integrate and edit Microsoft Office Documents (Word, Excel etc.) without the need for Microsoft SharePoint. United Planet is headquartered in Freiburg, Germany, and also has offices in London, UK. The company is supported by over 100 Business Partners worldwide.
