

SYMBIAN PRESS CONFERENCE INVITATION

Submitted by: CCgroup Communications Limited

Wednesday, 26 April 2000

(12:45hrs Wednesday 26th April, Blenheim Suite - Radisson Edwardian Marlborough Hotel, Bloomsbury Street)

Wednesday April 26th is set to be one of the most significant days on the road to the establishment of a global industry standard for mobile operating systems and the development of next generation mobile devices.

A global and unified announcement is to be made by Symbian together with the world's foremost consumer device and entertainment company and the world's foremost digital signal processing company, in London. This announcement will immediately impact the landscape of the wireless communication device market.
