Wednesday, 4 January 2012

(United Kingdom – 4th January 2011) Christmas might have come and gone but the celebrations certainly have not died down. Free bingo specialists have celebrated Christmas in style with a variety of free bingo (<http://www.citybingo.com/>) and festive games and promotions and as New Year approaches, City Bingo builds up to its Happy New Year promotion.

The latest promotion will run in conjunction with the city themes that City Bingo players have seen in previous months. This month saw City the Cat travel to Lapland to bring players festive themed games and promotions in the run up to Christmas. With New Year on the horizon, City Bingo will celebrate with City the Cat travelling to not one new city but four.

Players who wish to play the Happy New Year promotion can pre-purchase their tickets in time for the big game. Four sets of prizes are up for grabs from four different cities. One game to catch the attention of many free bingo fans is the £150 guaranteed jackpot game which plays at midnight on New Year's Eve because tickets are free. The other three games also offer players a massive £100 for just 1p per ticket: a bargain considering the prize.

Another promotion proving lucrative to players is the Guess the City promotion which is played every month. City the Cat will land in a new city for the month of January on 4th January and players can earn points for guessing the right city in time for the New Year. Players have until 2nd January to guess the city they think City the Cat will travel to and all those that guess right will earn their share of the 250,000 city points which are up for grabs.

For more details on all the promotions which are on offer this month and next, simply visit the site.
