

## Have you seen Saniflo's TV commercial?

Submitted by: Consortium Communications

Thursday, 26 January 2012

---

'Don't move, improve, add an en suite shower room (<http://www.saniflo.co.uk>) with Saniflo (<http://www.saniflo.co.uk>) small-bore pumping systems.'

So if there is sufficient space to turn a room, storage area or a garage into living space it's simple using Saniflo units to install ensuite bath/shower, WC facilities and kitchen facilities even where the soil pipe or drain is remote and gravity drainage is a problem.

Using Saniflo (<http://www.saniflo.co.uk>) products means that home improvements can be achieved without breaking the bank or digging up the floor.

Saniflo make a wide range of products each designed for adding different facilities:

Saniflo: The original macerator pump for an extra WC almost anywhere

Sanitop: A macerator that enables you to install a WC and wash basin – ideal for cloakrooms

Sanislim: A macerator pump specifically designed for use with slimline sanitaryware

Sanipro: A macerator that enables you to install a WC and shower

Sanicompact: A unique cisternless space-saving ceramic WC with a built-in macerator pump

Sanipack: A macerator pump specifically designed for use with built-in bathroom units

Sanishower: A pump for shower and washbasin

Saniplus: Largest of the Saniflo domestic range, a macerator pump that enables you to install a bathroom or en-suite with ease

Sanivite: A domestic pump for discharge of waste water from kitchen and utility rooms

Saniflo...helping you add value to your property.....
