(United Kingdom - 7th February 2012) Valentine's Day is a time to show a loved one just how special they are. With so many romantic gifts available for purchase, it can often be difficult to choose the perfect one. Flying Flowers announced its Valentines Day Flowers (<http://www.flyingflowers.co.uk/Valentines-Day-Flowers/Flowers/10067,default,sc.html>) range last month which introduced a variety of beautifully arranged bouquets and gift boxes, available at an affordable price.

Bouquets from Flying Flowers are always of the highest quality and customers can rest assured that each arrangement purchased this Valentine's Day is arranged by hand, with love. Flying Flowers customers looking for that special gift will be spoilt for choice but are guaranteed to find something which will make this year's celebrations momentous.

What first comes to mind when one thinks of a romantic gesture must, of course, be the rose. Whilst many may think this gift is somewhat clichéd, the Rose is significant of love and romance and there is nothing that quite says 'I love you' like a rich red Rose. Flying Flowers have comprised an extensive range of stunning bouquets featuring roses and foliage, all of which can be found in the Valentines Day Flowers range on the site.

Amongst the arrangements, the True Love bouquet oozes beauty. Customers looking to make a romantic gesture to their loved one may well choose this collection which comprises gorgeous red and pink Roses and is available for only £27.99.

For those looking to impress their lovers, the Relaxing Indulgence is perfect. Made up of beautiful avalanche roses, trachelium, freesia and ruscus foliage and matched with the relaxing scents of Lilac Roses and Geranium Abahna bath foam and soap, this gift set is ideal for any couples planning a romantic night in.

Anyone looking for the perfect romantic gift should visit Flying Flowers, a one stop shop for all Valentines Day Flowers and gift boxes. To browse the full range or to order Valentine's Day flowers visit FlyingFlowers.co.uk.
